Sublimation Tips

General Tips:

- Clean the surface/peel film
- Press face up
- Create a sufficient bleed
- Put blowout paper or newsprint over the transfer and substrate (so it touches the heat platen)
- For plaques and larger items, tape the transfer to the back of the item with heat tape
- Check the expiration date on your inks
- Use your printer more than once per week
- Run nozzle checks weekly
- Store sublimation materials (blanks, paper, ink) in a cool, dry place
